1. Mimeographed leaflets printed in English have been mailed to many Americans in Habana, Cuba, by an organization called the American Branch of Accion Libertadora. The leaflet explains that its immediate aim is to bring about the overthrow of the BATISTA government and urges all Americans living in Cuba to help the cause by writing the truth about the situation in Cuba to their friends in the United States, newspapers, and magazines and by "insisting that our government stop giving military and economic assistance to BATISTA".
2. Accion Libertadora is identical with the revolutionary movement formerly headed by Dr. Rafael GARCIA Barcena, who at present is serving a three-year sentence for conspiracy to overthrow the Cuban Government. This organization has also distributed leaflets in Spanish to the Cubans, urging them to join Accion Libertadora and help in the establishment of a truly democratic form of government. By citing financial and economic statistics, the leaflet points out that the BATISTA regime is leading the country to economic ruin. Dr. Justo CARRILLO is the present leader of this revolutionary movement.
